**Program for 10/9/07:** Carie McGinnis does her introductory talk.

**Program from 10/2/07:** Margaret Jankowski of the Sewing Machine Project. Margaret became involved in donating sewing machines after the Tsunami and then with Katrina. Machines were packed in fabric and stuffed animals and shipped, and then actually driven down to the New Orleans area. Margaret became very close to many of the Mardi Gras Indians. She started a Pay it Forward program where machine recipients help local groups or teach/mentor sewing. A new development is sewing machines for schools, which helps with things like: theatre costuming, repairing uniforms, quilting projects and sewing classes. She would like this program to become a model for other areas. There are many ways to help: financial and machine/notion/fabric donations, technical/repair support. **President Comments:** Emerson said, 'No man can sincerely try to help another without helping himself.' Rock Hudson died of aids on October 2, 1985. He brought aids to the forefront. He had one line in his first movie which took 38 takes to get right! Sputnik launched in 1957.

**Habitat:** Don N. reported we're still putting up drywall at the house; when they're ready for painting, we'll provide a crew, most likely on the 13th. May also do some trim work.

**International Trip:** Ron reported the next trip will do an incentive program where the club matches dollars members save each year prior to the trip. We are leaning towards India/polio inoculation.

**Raffle:** Nancy reported Mark, Ron and Steve H have been selling tickets like mad men. Shay's team has 50 unsold tickets. Great job so far! Drawing next week.
