Program for 1/8/2008:

Program from 1/18/07: Dr. Dennis Lund, Division of General Surgery Section of Pediatric Surgery, American Family Children's Hospital. 3 Principles in building the childrens hospital: 1. children should be cared for by professionals who are comfortable dealing with kids. 2. Children need to be separated from adults when being cared for. 3. Family-centered care - parents and family should be by kids 24/7. Philanthropy from community helped make it possible; Dennis' favorite quote is from Winston Churchill: "Never, ever, ever, ever give up." For more info on the childrens hospital, go to: <http://www.uwhealth.org/page.asp?contentid=10260>

Hi Ron!

We received your package yesterday! I can't believe how fast it got here, I think it's a new record! Everything in it is so great! Thank you so much! Moira will love the stuffed animals and doll and all the arts and crafts supplies are so fabulous and will be put to great use! Also, the books are wonderful, especially the one you wrote! I am going to translate it and put it in our library so all the girls can enjoy it! Thank you all again and I hope you enjoyed your holidays! God Bless, Genesee
