Program for 5/27/2008: TBA.

Program from 5/13/2008: Paul Terranova, Lussier Community Education Center. Paul showed a dvd put together by channel 3; there were some great points made by folks who volunteer now in the cramped quarters of the Wexford Ridge Neighborhood Center. The new facility will be 12,000 sq. ft. of energy efficient and green built space, including activity spaces, flexible multi-purpose rooms, a technology lab, a food pantry, a community recording studio and more. Paul said, 'if you want a community that takes care of each other, we need to invest in their infrastructure'.
